DIGITAL MILLENIUM COPYRIGHT ACT POLICY

It is the policy of TMS Health Partners, LLC doing business as TMS Health Education (the “Company”) to respond to clear notices of alleged copyright infringement. This page describes the information that should be present in these notices. It is designed to make submitting notices of alleged infringement to the Company as straightforward as possible while reducing the number of notices that are received that are fraudulent or difficult to understand or verify. The form of notice specified below is consistent with the form suggested by the United States Digital Millennium Copyright Act (the text of which can be found at the U.S. Copyright Office Web Site http://www.copyright.gov).

Regardless of whether we may be liable for such infringement under local country law or United States law, our response to these notices may include removing or disabling access to material claimed to be the subject of infringing activity and/or terminating subscribers. We may also document notices of alleged infringement on which we act. Please note that in addition to being forwarded to the person who provided the allegedly infringing content, a copy of this legal notice may be sent to a third-party which may publish and/or annotate it.
