

Thursday

- 10:00-10:15 **Introductory Remarks**
- 10:15-11:30 **TMS in the Acute Treatment of Depression**
Mark Demitrack, MD
- 11:30-12:30 **TMS Technology and Coil Design**
Ian Cook, MD
- 12:30-1:30 **Lunch**
- 1:30-3:00 **Hands-on Demonstrations**
- 3:00-4:00 **Neurocircuitry of Depression**
Nolan Williams, MD
- 4:00-5:00 **Maintenance TMS in the Long Term Management of Depression** Richard Bermudes, MD
- 5:00-5:30 **Panel Discussion**

Friday

- 8:30-9:30 **The Role of TMS in Therapeutic Neuromodulation in Psychiatry** Mark George, MD
- 9:30-10:30 **TMS Safety and Side Effect Management**
Phil Janicak, MD
- 10:30-12:00 **Hands-on Demonstrations**
- 12:00-1:15 **Lunch**
- 1:15-2:15 **Comparative Efficacy of TMS and ECT**
Phillip Janicak, MD
- 2:15-3:15 **TMS Patient Selection and Clinical Management**
Karl Lanocha, MD
- 3:15-4:45 **Hands-on Demonstrations**
- 4:45-5:15 **Panel Discussion**

Saturday

- 8:00-9:00 **Measurement Based Care in TMS Practice**
Shawn McClintock, PhD, MSCS
- 9:00-10:00 **Accelerated TMS and Novel Pulse Sequences**
Jonathan Downar, MD
- 10:00-11:30 **Hands-on Demonstrations**
- 11:30-12:45 **Lunch**

- 12:45-1:45 **Practical Administration of TMS in a Clinical Setting**
Shawn McClintock, PhD, MSCS and Richard Bermudes, MD
- 1:45-2:45 **TMS in the Treatment of Other Depressive Disorders and Special Populations**
Paul Croarkin, MD
- 3:15-4:45 **Hands-on Demonstrations**
- 4:45-5:30 **Panel Discussion**
- Sunday**
- 8:00-9:00 **TMS in the Treatment of Psychiatric Disorders Other than Major Depression**
Nolan Williams, MD
- 9:00-10:00 **Emerging Neuromodulation Technologies**
Ian Cook, MD
- 10:00-11:30 **Hands-on Demonstrations**
- 11:30-12:00 **Panel Discussion**
